# JUST WHAT I WOULD DESTROY MY FATHERS AND MOTHERS

**FIERCE STORM TAKES DEATH TOLL, DAMAGE**

Continued from Page One  
body, wearing the belt and buttoning his shirt and trousers on his way. His left arm was also badly burned.

Miss Bert O'Brien, 18, employee of the Swift Canadian Company was the first to reach the injured men.

**GIRL IN EYE WITNESS**  
"I was just getting home from work and I saw one man slumped down on the street and another lying on the pavement with his mouth and eyes open. He looked dead. The man slumped down said, 'Help me please do something.' I did not know what to do but I found some passing car and finally a light delivery truck came along. I saw it was no use doing anything other than to get the men out of the street and into the hospital."

"He told me that he was turning all over. He could not move his legs and he could not get up. He asked me to help him pull it out before he got into the truck. After that he looked at his friend lying face down on the street. 'Well, I guess that Bill has gone,' he said."

Miss O'Brien is the daughter of Mr. and Mrs. S. B. O'Brien, 1243 10th street. Her father is a foreman of the Water Works Department.

**BODY REMOVED**  
Andrews Brothers ambulance arrived at the scene before the body was removed. The ambulance arrived, but Dr. Walter Morrell, who had been called, ordered the removal of the dead man.

"This is an act of God. Pick up the body and get it away from here," he ordered.

Dr. F. A. Keiller, coroner, when advised of the accident, said that no inquest would be necessary. Last night's lightning caused the first he has heard of in his 27 years' undertaking experience in Edmonton, stated E. Andrews, who took charge of the body.

**HERE IN COVERED WAGON**  
Speechley and Hepler came in a covered wagon, equipped with a stove, and was parked just off Portage near 11 street. Constable John J. Huanase, who was detailed to look after the horse, later found out but they could not be found.

They were not tethered it is thought they may have stampeded. The residents have been asked to keep their eyes open for the wagon.

Investigation by Detective Percy Appleby and Alex. Bremner revealed that Speechley was at one time a resident of Clearmont, Alberta. He is believed to have come from Grand Prairie about one year ago.

**STORM HITS SUDDELY**  
The storm struck Edmonton suddenly just before seven p.m., and was accompanied by a heavy rain and a deluge of rain. Flashes of lightning hit the heavy clouds and thunder rolled in the storm.

Two trouble phones in the city electric light department were kept busy continuously during the storm when a lightning bolt struck a power line near the intersection of 11th and 12th streets, cutting off the lights throughout the west end and Calder district.

Investigation by Superintendent William Bremner and Foreman D. Watt, restored service at 8:30 p.m.

**LIGHTS ARE EXTINGUISHED**  
Lights in other parts of the city were extinguished. A lightning bolt cut out the power in the city electric light department.

The fire department alarm system was crippled briefly when lightning bolt alarm boxes out of commission of five circuits but was quickly rectified.

Lines were blown out in both the Canadian National and Canadian Pacific Telephone companies. The distance lines were also out of commission.

During the period of the storm from 7 o'clock to 7:30, the rainfall recorded was .70 inch. The total rainfall for the 24 hours ending at 7:30 Tuesday was .70 inch.

At the time of the storm, the wind was blowing from the west and the lightning was striking in the west end of the city.

# REID PLANS EARLY START FOR 'CODES'

**Hon. Hugh Allen Takes Over Administration of Relief**

One of the first things to be taken up by his government will be the organization of the new transfer and industries department, provision for which was made by legislation passed at the last session, declared Premier R. G. Reid on Wednesday.

The department will be administered by a member of the cabinet that was sworn in on Tuesday.

The Premier held his first cabinet meeting on Wednesday morning, although the cabinet was not able to be present.

Discussing the cabinet and the outlook, the Premier said: "I have taken the portfolio of Public Works. His long residence in rural Alberta and the considerable experience that he has had in road construction, together with his extensive business connections during the last year, make him the man best fitted for this heavy portfolio."

**TWO YEARS RELIEF**  
"All relief for the last two years has been under the direction of the minister of public works, and the result of careful consideration on the part of the government is that these activities under the administration of Mr. Allen."

"Hon. Mr. Allen, the department of lands and mines and municipal affairs is two that he is particularly suited to. In the lands and mines especially his contacts with the new settlements and his family connections in the west make him the man best fitted for this heavy portfolio."

"The department of public works, which has been in the hands of Mr. Allen, is a very valuable contribution in agriculture and in the development of the province. The department of public works, which has been in the hands of Mr. Allen, is a very valuable contribution in agriculture and in the development of the province."

"The department of public works, which has been in the hands of Mr. Allen, is a very valuable contribution in agriculture and in the development of the province. # He's Man Of Hour In Torn Germany

**Correspondents May Be Expelled, Says Second Warning**

BERLIN, July 11.—Germany threatened today to expel foreign correspondents whose accounts of the bloody "second revolution" aroused Nazi ire.

Adolf Hitler's new newspaper, the Volkische Beobachter, editorially underscored a warning given to the journalists by Paul Joseph Goebbels, foreign minister, yesterday.

The warning said that the German government is no longer inclined to tolerate foreign correspondents inciting nations against each other.

Germany otherwise was comparatively quiet, following days of bullets and then of oratory.

**AMBER VALLEY UNBRAGED AT REVELATIONS**  
AMBER VALLEY, Alta. July 11.—Strong exception to the use of government funds in civil activities, which members of the government are involved, was expressed at a largely attended general meeting of the Citizens Committee for the Amber Valley, culminating in a demand for a referendum on the subject.

The meeting, which was called at the instigation of the Citizens Committee, was held in the Browne's section and was attended by a large number of the community. The speaker, Mr. J. W. Brown, stated that the Citizens Committee was organized for the purpose of opposing the use of government funds in civil activities.

## It's Surprise That's So Disillusioning

Is the technique of courtship all wrong? Is one of the reasons why so many husbands and wives complain of the disillusion and disappointment of marriage because during the days of courtship they have established in each other's minds an expectation of romance and sentiment that it is impossible to keep up after marriage?

They make of courtship a prolonged petting party. They never weary of assuring each other of their love. Each strives to outdo the other in making sacrifices and considering the other's pleasure as his own. They assume virtues and charms that they do not possess. Butter doesn't melt in even a hot-tempered youth, and the most ardent youth would not let his sweetheart even pick up a handkerchief. The boy seems to the girl that he considers her the most beautiful and intelligent and fascinating creature on earth, and the girl does not hesitate to tell the man that in her eyes he is a happy combination of Jack, George, President Roosevelt and Henry Ford.

All of this is most delightful while it craves goody soft talk, and sentimentality is about the one bit of sanity's creed that we get during our entire lifetime. Also the real explanation of why we married is because they had led us to believe that whatever a tall and stupid world might think of us they perceived our true worth.

But the trouble with courtship is that the high hopes it inspires cannot possibly be realized. We cannot live long in the rarefied air of passion. No man or woman can come down to earth. There is nothing that we get out on quicker than we do on sentiment. It is like trying to live on a steady diet of chocolate cream. Kines lose their flavor when they become part of the daily menu. No man or woman can stay perched on a pedestal of passion. They are bound to fall off and become just plain, ordinary, faulty human beings in the end.

That's life. That's marriage. But courtship has not prepared the average couple who get married for it. They are shocked and dismayed when they find that the husbands and wives they have known as perfect beings are now going to be different, and they begin to feel that they are going to have to live in the gutter of the love-making business as long as they live.

And when these superlatives end they cannot keep up the goods, or that it doesn't quite come up to specifications, it makes for trouble. Especially among the young men who have invested their all in love-making and expects Mary to live like a queen and to give him the affection that he has been seeking with all his might. When Tom, who has assured

her that he will be a millionaire, finds that he is not, and that he is not even a rich man, he is disappointed. When Mary, who has assured him that she will be a beauty, finds that she is not, and that she is not even a pretty girl, she is disappointed. When Tom, who has assured her that he will be a good man, finds that he is not, and that he is not even a decent fellow, he is disappointed. When Mary, who has assured him that she will be a good woman, finds that she is not, and that she is not even a decent girl, she is disappointed.

## DON'T LET COMMON CONSTIPATION DULL THE JOY OF LIVING

Kellogg's ALL-BRAN Brings Relief

Constipation takes the sunshine out of your days. It may bring headaches, loss of appetite and energy, sleeplessness, yellow skin, pimples.

Fortunately, you can avoid this condition by eating a delicious cereal. Laboratory tests show that Kellogg's All-Brax provides two things needed to help overcome common constipation: "bulk" and vitamin B. All-Brax provides a rich source of food-building iron.

The "bulk" in All-Brax is much like that of leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

How much better than dosing yourself with patent medicines. Two tablespoons of All-Brax daily are usually sufficient. With each meal in chronic cases, if necessary, use your spoon—All-Brax is not a "cure-all."

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

## Don't Let Moving Wear You Out!

## DAILY TRUE STORY

SOMEBODY'S LOVE-NEST

By Andrew Larson

Sam Randall had always tried to please Flora, from the very first time he met her.

She was Flora Johnson, then, and worked in the Big Chemical Plant where he had been hired. He was ambitious and under-paid young chemist.

And Flora, on the other hand, was always extremely exacting. To do Sam credit, he thought that he loved her. She was pretty. Her very soft hair and her seemingly perfect figure had attracted him from the first.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

But he got so much to the point that he had to be a rather sharp bargainer.

Hey! What a crazy place to stop! Why did that lot of goons let us from right out here in the middle of an open stretch of land? I wonder! I guess I am like Duncy, I too, with me we never here.

"Aw, you're just 'fray cats, I guess. There is no real cause for distress," said Cappy. "Come on, follow me. I'm tired of standing we run into a brand-new thrill still.

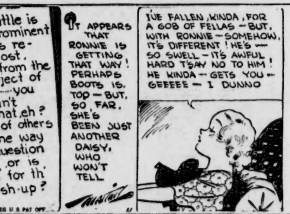

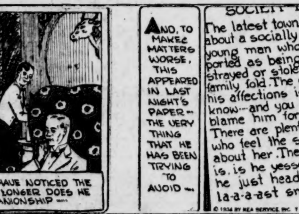

BOOTS AND HER BUDDIES

Extra! Extra!!

—By Martin

Who knows but what there is a very strange town right here, I think we had it. "Fifty soft white suits," said Cappy. "We note that, but I am glad we didn't stay away up in the sky."

"Well, I agree with Scouty," said fair Doty, "and I think instead of kicking, we should look around and see what we can find."

"We can't expect all things to come to us. We have to get out there. No matter where we have to walk, I am not going to mind."

Just then they heard a rolling noise, and Giddy shouted, "Listen."

"The Tins are taken to the soldiers' camp in the next story."

# MECHANICALS' FINAL IN THE PIRE RESTING ALLS

## Local Policeman Defeats Dominion Heavyweight Champ

By Bill Lewis

MECHANICALS, a hunky who earns his living as a policeman on Edmonton's streets and wrestles as a hobby in his spare time, last night made his mark in the big milestones in his career. The powerfully built, good-natured policeman went into the ring at Montreal and whipped Jim Lyle, of Regina, in the heavyweight final of the British Empire Games trials and took only five minutes to do it. It was his second straight triumph over the Dominion champion, for he beat the Regina man in an inter-provincial tournament earlier this spring. . . . Last night's victory was a lot more important to Mechanicals, however, as it put him right in line for a trip to the Empire Games in London, England, next month. . . . He has clearly demonstrated his superiority over all other Canadian grapplers and is certainly deserving of his chance to go to London to meet the Empire's best.

Patsy climb up the ladder of amateur wrestling success has been a fast one, indeed. Just a few short years ago, he was a barely developed in physique and ability would be named by the press as the "green" newcomer that first made his appearance with Coach Mike Custer at the Y.M.C.A. . . . His progress in the sport has been rapid and he is now in the city will be pulling strings for him to get a berth on the team for London.

World from Montreal that only three might be named by the selection committee for the trip, but to a shortage of fighters, one again brings to the fore the strange workings of amateur officialdom. . . . You see, the money that was found to take along all the officials that last worked appointments, but in the usual cry from the lack of money to take the athletes, there should be no doubt about Mechanicals going, but some of the winners in the trials will probably have to stay at home.

Carl Hubbell, who dominated the world series last year, did the same thing in the major league. All-Star came yesterday, but the National did not care enough for him, apparently, and the American League picked him with a 9-5 triumph. . . . Baseball fans the continent over played a great interest in the battle of stars which was inaugurated last year as an annual event, but, according to reports, it was anything except a classic affair. Hubbell left the mound at the end of the third inning.

If Jupiter Flaming is kind—and he surely should be now—Seattle team to barrel will start again tonight. . . . One game had to be postponed last week and the same was the case last night, but Seattle and Royals will go into action this evening if at all possible.

## Alberta Avenue Club To Stage Bowling Tourney

The Alberta Avenue Bowling Club will hold an open mixed tournament in the bowling club on Sunday, July 14, starting at 8:30 o'clock. With a large entry list expected, the usual keen competition between leading bowlers of this city will be witnessed. All those wishing to enter this competition are requested to make their applications to the tourney of the Alberta Club at an early date.

The place designed by Anthony Parker and used by Germany during the World War, was erected with approximately 90 percent of the Allied steel casings.

## No Announcement Made Regarding Makeup of Games' Team

MONTREAL, July 11.—Seven men, the pick of the Canadian wrestling world, are to travel to London this summer to represent Canada in the British Empire Games. The team is to be named by the selection committee, said last night, but seven men would probably not make the trip. Lack of funds would force reduction of the squad, he said.

Names of those who will make the trip will probably be announced today, Dr. Lamb said.

Immediately following the trip, the selection committee went into a lengthy conference to consider the makeup of the team.

Husky Pat Meehan, 215-pound Edmontonian, champion of Saskatchewan, lived up to his name in the final of the heavyweight event. Jim Lyle, Regina, in the final of the heavyweight event.

Meehan, husky Edmonton policeman, won with a reverse body hold, holding him fully even for the greater part of the bout.

For some reason not yet made public, the referee was not in the ring. The referee was not in the ring. The referee was not in the ring.

Another Dominion champion was defeated. Jim Lyle, Regina, was defeated by Meehan.

Results of last night's bouts: 125-pound class—George Murray, Regina, defeated Jim Lyle, Regina, 10-0. 150-pound class—Bob McNabb, Montreal, defeated Morgan Phil, Toronto, 10-0.

180-pound class—Alex Watt, O.C. defeated Bob McNabb, Montreal, 10-0.

215-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

260-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

315-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

370-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

425-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

480-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

540-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

600-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

660-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

720-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

780-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

840-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

## POOR WEATHER MARS CALGARY MEET TUESDAY

Outdoors, Favorites Win Events in Stampede Race Meeting

CALGARY, July 11.—The weather is acting queerly just now. Victoria Park racing was resumed Tuesday afternoon in sunny and really warm weather, but, by the time of the fourth race, the thermometer had dropped sharply and a most unpleasant state of things prevailed. There was a high, bitter wind that chilled one to the bone and driving clouds of fifty dust that choked and blinded the just and only spectators.

The sport was thoroughly interesting. There was a plunge on the track, in the center and the horses were never in doubt from the lifting of the tapes. The 1 to 3 favorite won easily.

DISPUTE OVER CLAIMS

Prior to the race, claims were handed in for Budover and Wise Marie, both looking cheap at 1 to 2. For some reason not yet made public, the referee was not in the ring.

780-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

840-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

900-pound class—Pat Meehan, Edmonton, defeated Jim Lyle, Regina, 10-0.

## Thundering Herd

If your pulse doesn't beat a trifle faster when you see this picture you have lost your ticket into the turf's loyal order of horse-lovers. In a solid phalanx of sleek-straining horses, these fleet three-year-olds are thundering down the straight-away—coming right at you—in a race at dusk. In the forefront is Broadsword, Gilbert up, the eventual winner. An artist studying composition could never pose such a symmetrical arrangement of horses, jockeys, whip, hoods and dusty clouds.

The sport was thoroughly interesting. There was a plunge on the track, in the center and the horses were never in doubt from the lifting of the tapes. The 1 to 3 favorite won easily.

DISPUTE OVER CLAIMS

Prior to the race, claims were handed in for Budover and Wise Marie, both looking cheap at 1 to 2. For some reason not yet made public, the referee was not in the ring.

## EDMONTON RACING

## RAIN WASHES OUT MATCHES

Resume City Tournament Today at Glenora Tennis Club

Rain washed out all matches in the annual city tennis championships on Tuesday.

The downpours of the morning and early afternoon were hailed as the afternoon work on and about 6:30 two matches were started. But neither was finished.

Dunwoody-Mitchell took the court against the Anderson brothers, Bill and George, and the former team just took the first set at 6-2 when another downpour definitely ended any further hope of play.

Many fine couples are slated for today. Many fine couples are slated for today. Many fine couples are slated for today.

Draw for Wednesday

AT CIVIL SERVICE COURTS

5:00 p.m.—L.O.—J. Johnson vs. J. Taylor.

## Norwood Royals To Play Hudson's Bay Soccer Club

Hudson's Bay may even win play Norwood Royals in a practice game, Thursday night at Diamond Park. The clash is expected to start at 7 o'clock.

Both teams play a good brand of soccer in their respective leagues. . . . The Bay eleven is of the second division, while the Royals are in Junior 1800 team.

Both teams are finalists in the cup competition and are expected to give their second division opponents a hard battle and they stand an even chance of turning aside the higher ranked squad.

## CRITICS SLAM ENGLISH TEST CRICKET TEAM

Poor Fielding, Indifferent Bowling Blamed Match

LONDON, July 11.—Poor fielding—indifferent bowling—the verdict of the critics at a general inquest on the third cricket test match.

Today's newspapers contain many editorial and special articles on the strategy of the match, but in England and Australia at Manchester which resulted in a draw, although England made a new highest innings record at home by scoring 477 for nine wickets, declared, on Friday and Saturday.

The draw, says the Morning Post, is much to the credit of the side losing. In the opinion of the Post, the Times in a special article declares that the English team was humiliated by a team which allowed the last two Australian batsmen to score so many runs.

CAPTAINCY LACKING

In editorial columns the Daily Mail says England's captaincy was lacking in imagination, and it criticizes and urges the selectors to give more opportunity to a first-class batsman, a captain, and a batsman who is a specialist in the field.

England did not deserve to win the match, says the Daily Mail. It will be remembered as a match of foot-guards in the opinion of the Mail. The Times in a special article declares that the English team was humiliated by a team which allowed the last two Australian batsmen to score so many runs.

# HUBBELL'S GREAT FEATURING ALL-STAR GAME

## Giants' Southpaw Ace Steals Show With Grand Work

**KING'S MEDAL WON TUESDAY BY SERGEANT**

Canadians Prominent in Bialley Competitions—Shooting Well

BISLEY CAMP, England, July 10.—Sergeant Instructor T. Moore of the Small Arms School, Tuesday, captured the King's medal at the National Rifle Association's annual shooting record score of 180 in the four difficult practices.

The match, limited to 100 selected men of the home forces, the winner is considered the army's best shot.

At the Kinnaird competition at 500 yards, two Canadians got into the money, Sergeant Major Richard J. Trainor, Canadian Dragoon, Toronto, who collected 140 with 34 out of 35, and C.E.M. Farrell of the Black Watch, Montreal, with 32.

The event ended in the first place between G.M.S. Abbott of the Marines, Alcester, and the Royal Air Force, Captain, Layzell of the Marines and Private McKeown of the Faulkland Islands, with perfect 35.

Portugal's Marines won the B.I.S.A. competition at 600 yards with a score of 34.

Sergeant-Major Churcher of the Small Arms School won the Queen Mary with a score of 180 out of 200. C.M.S. Alex Parry of the Montreal Black Watch scored 132 in the event, completing the fourth practice, unopposed, with a score of 31 out of 50.

Final score put Parry second among the Canadians taking part, least to Lieut. R. Johnson of the Cadet Service, who scored 132, and the Royal Canadian Air Force, Vancouver, had 120 and Lieut. H. Stevens of Montreal 115.

## CUBS CLASH WITH ROYAL BALL SQUAD

Senior Baseball Clubs to Lock Horns in Game This Evening

If the weatherman is willing, Don Conklin's Cubs will clash with Webb King's Royals in a Senior Baseball League game at Brewster Park tonight, starting at 8:30 o'clock sharp.

This contest was originally scheduled for last week, but was rained out. Last night's game between the two clubs was also rained out, and will be set back until a later date.

Manager Conklin, who has been playing first ball with getting his name in the papers for his duties for his Cubs this evening. He has shown plenty of class here in the past and feels about ready to make his 1934 debut on the mound.

King will probably send Buck Egan to the mound, and will try to hit the Royals at the Cubs.

A win will give Royals a tie for first place.

## TEACHERS ARE AGAINST MORE BONDS AS PAY

Objection Will be Sent to City Council by School Board

Teachers and other employees of the Edmonton Public School Board, in conference with trustees, have voiced strong objection to the intention given by city council that payment of salaries in City of Edmonton bonds may be continued for another year, and the board will notify the city to this effect, it was decided at Tuesday night's meeting of the trustees' body.

The position taken by employees, as reported by the conference committee, is as follows:

That, when the negotiations for further salaries were being conducted in the early part of this year, no intimation was received by them that the board arrangement would continue after the agreement entered into in May of last year had terminated. At that time it was expected that the \$500,000 agreed upon would be absorbed by the end of June, 1934.

"On the expectation that this method of payment would then cease, the employees conducted their negotiations for one year, and agreed to the closing of schools, etc., for this year, which resulted in a further loss of salary. It is now their opinion that salary adjustments for this year have been completed, and their expectation is that the payment of salaries in bond certificates ceased with the termination of the agreement made last year."

### NO DIRECT INTEREST

Trustee F. C. Caselman, chairman of the committee, maintained that the board has no direct interest in the question, merely acting as a channel of communication for its employees.

It was agreed that, should any communication be received from the trustees during the summer vacation, they be referred to the committee for action.

Enrollment in the city schools in June showed a decrease from the previous month and from the corresponding month of 1933. It was shown in the attendance report submitted by Supt. G. A. McLeod, that June enrollment was 13,000, as compared with 12,441 in May, and 13,180 in June last year.

### TRANSFERS MADE

Appointments in the teaching staff deal with Tuesday night's decision of the transfer of Miss Marie Cote, Latin instructor, to Garneau school from Eastwood. A. J. H. Powell, of Victoria, will replace Miss Cote at Eastwood. Mrs. K. Cameron was appointed to the Junior High school staff. Charles King will be transferred from Fort of Heights in North, Delaware, where he will replace Ben Parker, retired principal.

Appointment of a principal at Riverside school was made at Tuesday night's meeting on Thursday when the nine rooms in that school were increased of keeping them under the jurisdiction of Victoria.

Resignation of Miss Alice E. Shor, household science teacher at St. Edward school, was received.

Offer of First Presbyterian church to renovate a frame building on Ross Park in exchange for school property was accepted.

Recommendation of the management committee, referred for consideration to the conference committee, on periodic transfers of high school principals, was referred to the board without further action.

It was decided that no further action will be taken with regard to instituting reduction in salary bonus for grade eight relieving teachers.

### POWER TO ACT

The finance committee was given power to act on any communication from city council with regard to the \$500,000 reduction proposed on the board's tax levy, on a motion by Trustee S. Bowdell, while protests were voiced at the city's delay in communicating on the matter.

Proposal of summer instruction for high school students planning to write college supplements, made by Trustee Bowdell, was referred to the school management committee.

Request of the Civic Government Association for information regarding the board's work and administrative activities during the year since the Armistice was received. The board will furnish the requested information before presenting available reports will be considered.

## PROVINCES MAY TAKE WINNINGS OF SWEEPSTAKES

OTTAWA, July 11.—Provincial treasurers will reap the benefit under a bill passed through parliament this session which did away with the "informal" clauses of the Criminal Code. Under the new law, provincial attorney-generals may take legal action to recover money won in lotteries or games of the old law which gave any man or woman this right.

The act reads the money shall revert to the crown if action is taken against the winner of a lottery, but has been explained as referring to the provinces, who have legal jurisdiction under the British North America Act.

## Air Lane Scouts Aid Stratospherists

Capt. Oyvile A. Anderson, left, and Major William E. Kerner are pictured in the basket of the balloon in which they attempted to observe air conditions preparatory to the stratosphere flight attempt of Major Kerner and Capt. A. W. Stevens at Rapid City, S.D. The picture was made in the natural bob at Rapid City.

## Weather To Favor Balloon In Flight

RAPID CITY, S.D., July 12.—Men waiting on weather today for his attempt to break the record of the stratosphere. The largest balloon ever built by man, and Capt. Albert W. Stevens, scientific observer, will have a maximum low pressure area, most favorable for a stratosphere flight, frequently follow.

## School Board Trustee Seeks Comfortable Seat

"Brother, can you spare a cushion?" Long and arduous sessions of the Edmonton Public School Board appear to be having a "hard" effect on the members and it seems now that even tireless trustees can't take it.

Trustee Dr. Walter Morrison, member at Tuesday night's meeting, relinquished for a few moments the strenuous struggle for cushy conditions for arriving students in a plea for a better break for a baccy board.

The request came up under the item of "Improvements" which was section "F" of the neatly mimeographed agenda.

"I might ask is the building comfortable very short of money or could we have some comfortable seats here?" Dr. Morrison said, stirring restlessly at his sturdy oak chair.

With long and customary solemnity G. Story, the building commissioner, rose to report, "I would submit that it is the chairman of the supply committee who is most responsible for the state of our department chairs."

"The aim of the League is prevention rather than cure of such motion pictures," said Father Sullivan.

"Let him take it up at the next meeting of his committee," Trustee F. C. Caselman moved.

"Yes," Trustee Morrison replied. "The matter was let dead for a while at that. It was noticed, however, by the reporter sitting in that the board table was adorned with doggy new ash trays."

## CANADIANS MAKE READY FOR REAL BISLEY MATCHES

BISLEY CAMP, England, July 11.—Under many skies but in considerable heat Canadiana continued to practice and shoot in the best manner possible. The Canadian team here, waiting for the big matches that start late this week.

The feature of Tuesday's shooting was a record 180 firsts by Sergeant Instructor T. Moore of the small arms school to win the King's Medal, emblematic of the best shot in the army at home.

The Kinsale shooting competition, a four-cornered one between B.U.S. of the Royal Air Force, Canadian Dragoon, Toronto, and C.G.M.S. Air, Parrell of the Montreal Black Watch, got into the money. Trainer with a 34 and Parrell with a 30. Second shot Canadiana fired in the afternoon.

**Found Alive**  
YARMOUTH, N.S., July 11.—Chas. Smith, missing from his ship, the *Carleton Place*, was found alive and well Tuesday at Pictou, N.S., by Royal Canadian Mounted Police. Smith might have been passing at the time of the ship and coast in Pictou.

## LIBERAL SAYS POLICIES NEED QUICK CHANGE

Provost Barrister Addresses Enthusiastic Meeting at Bodo

PROVOST, July 11.—"Unavoidably, one of three things must happen—a change of policies immediately, dictatorship, or socialism," declared the provost, given by R. M. Lee, prominent barrister of Provost, and member of the Liberal party of the province, at an enthusiastic gathering of Liberals held in Bodo Friday evening. C. Sturdy of Bodo was chairman of the large meeting.

Outlining the policies of the four main parties in Canada, Mr. Lee attacked Premier Bennett and his track policies. "The Liberal party," he said, "is the only party in Canada that is not a party of the world market."

Major Douglas' solution to the depression, stated Mr. Lee, is to use social credit and a national dividend. The objection to this plan, as claimed by Mr. Lee, is that it would interfere with trade, and a new money system would be required.

The third party with which Mr. Lee dealt was the C.C.F., whose plan is to abolish the C.C.F. in its place would be government ownership. "The Liberal objective," he said, "is to have individualism and a free market. It is that it would be no freedom in this democratic country."

**DISASTROUS RIFE**  
Concerning the present system Mr. Lee stated that there are many faults, making brief mention of prominent corporations.

The policy of the farmer government should be to encourage the use of small farms, a control over railway rates, said Mr. Lee.

"If the government had the people's best interest at heart, when Mr. Brownlee resigned, they would have gone to the country, and obtained a settlement of the differences and general dissatisfaction that is rife throughout the province now," he said in conclusion.

## FRENCH CROPS HIT BY HEAT

PARIS, July 11.—All France was suffering Tuesday from a heat wave which threatens further damage to the wheat crop. Twelve droughts were reported in the country, and the small forces of rain were lacking.

The highest temperature was 92 at Boulogne, Paris, which recorded 90 Monday, had a high of 92 Tuesday, with better weather predicted for Wednesday.

Estimated damage to the wheat crop already is enough to absorb all of last year's surplus.

**Montreal Man To Probe Will**  
SEATTLE, July 11.—Pointing out that it appeared to be the cost of a large amount of the wealth of the late Mrs. Sarah E. Smith-Scott, millionaire eccentric whose holdings at the time of her death were estimated at \$15,000,000, appeared to have been in Quebec, at the time of her death, reported Howard Ross, K.C., Montreal as a commissioner to carry on the investigations there.
